Sales price 729,76 €

~~Base price with tax 810,84 €~~

Product Description Yellow Speed Racing Dynamic Pro Sport coilovers (Accord 90-93)

Description

DYNAMIC PRO SPORT coilovers are designed and developed for all motoring enthusiasts wanting excellent handling without sacrificing comfort. This suspension system features 33-way adjustable dampening settings and full length adjustment to meet every driver's handling desires. Pillowball mounts and adjustable camber plates are included (some models) for front and rear on most kits to increase steering response, while aluminum upper mounts with hardened rubber bushings are used on some applications for noise reduction.
This suspension system is ideal for daily driving and occasional track use.

High quality components are adopted to ensure product durability and stability. Each application is fully test fit and completely road tested to guarantee all our customers perfect performance and comfort.

YELLOW SPEED RACING believe in quality assurance systems and continuous improvement of our products. Every product is tested and inspected before it leaves our manufacturer, and we are certified to BS EN ISO 9001:2008 for quality management systems.
